

Cabinet Locks

Issue – Key stuck in the lock

- Check to see if the lock bolt is being obstructed from going into the latch. If it is, clear any obstruction. If the lock is not being obstructed, a service technician will need to be dispatched.

← Sliding Glass

Issue – Broken Lock

- A service technician will need to be dispatched to replace the lock.

← Show Case
Mini Net Cover

Issue – Request new lock

- A service technician will need to be dispatched to replace the lock.

Issue – Won't unlock

- The wrong key is possibly being used. Have another key holder try their key. If there is still an issue, a service technician will need to be dispatched.
